Simone Weil Avenue, Ashford,
Kent, TN24 8UX

Time: **Registration and light refreshments**
5.30 – 7.00pm
Presentations 7.00 – 9.00pm

professional
know-how

Dear Healthcare Professional

We are delighted to invite you to a symposium presented by Peter Sawyer – Scientific Liaison Manager – Pfizer Nutrition, which has been specifically designed for Healthcare Professionals, during which we will be looking at the basics of two current issues in the world of infant nutrition.

Vitamin D – recent evidence has shown that this vitamin not only prevents rickets but may also confer a protective effect against cancer. The talk examines some of this evidence.

Appropriate Growth. – This presentation will look at both faltering growth issues and overfeeding in early infancy and the links to potential long term health issues.

The outcome from this evening is that you will be more critical and objective in your understanding of these subjects and we hope that this will also give you the opportunity to meet and network with colleagues from other centres in your area. We look forward to seeing you

Programme

5.30-7.00pm
